

* **Special UCLA Nuclear Physics Seminar**

“Towards a universal fit of PDFs and FFs”

Presented by Dr. Nobuo Sato

Jefferson Lab/University of Connecticut

In this talk, I will discuss a recent progress on global QCD analysis of fragmentation functions and polarized parton distributions using Monte Carlo methods.

Location: Knudsen 4-134

Date: Tuesday, May 2nd, 2017

Time: 12:00pm

Pizza at 11:45am
